To familiarize yourself with your new Hyundai vehicle and to ensure correct operation and maintenance of your vehicle, we suggest you also review the maintenance requirements and operational features described in the Hyundai Owner's Manual.

PRE-DELIVERY INSPECTION

To ensure your satisfaction and long term enjoyment of your new Hyundai vehicle, your selling dealership has inspected and conditioned your vehicle to Hyundai's recommended inspection and pre-delivery procedure standards.

PERIODIC INSPECTION AND MAINTENANCE

Regular inspection and maintenance by skilled Hyundai technicians are the key to more efficient operation of the vehicle. This inspection and maintenance must be carried out in accordance with the recommendations given in the Hyundai Owner's Manual.

EXCLUSIONS

Roadside Assistance is not available for off-road conditions, or conditions manifesting themselves off-road. To receive service, the vehicle must be accessible from a publicly maintained road.

Roadside Assistance is not an Authorized Service Facility and is NOT A WARRANTY. For a description of the warranty covering your 2027 Hyundai, see the Hyundai New Vehicle Limited Warranty Section of this Owner's Handbook. Roadside Assistance is a limited service, provided to you to help minimize any unforeseen vehicle operation inconvenience.

The Hyundai Roadside Assistance Program does not include reimbursement for any costs/charges for repairs, parts, labor, property loss or any other expense incurred as a result of accident/collision, vehicle abuse, racing, vandalism or other items not covered by the Hyundai New Vehicle Limited Warranty. Also excluded are services for snow tires, repair to studs, mounting or demounting of snow chains, and any fines, fees or taxes associated with impound towing as a result of any actual or alleged violation of any law or regulation.

Hyundai Motor America (HMA) reserves the right to limit services or reimbursement to any owner or driver when, in Hyundai Motor America's judgment, the claims are excessive in frequency or type of occurrence.

ALTERNATIVE DISPUTE RESOLUTION

Hyundai Motor America's internal consumer assistance process will make every effort to resolve every customer concern in a satisfactory manner. We realize, however, that mutual agreement on some issues may not be possible. To ensure that you have had an opportunity to have your concern fully reviewed, Hyundai Motor America provides an Alternative Dispute Resolution (arbitration) program. Hyundai offers the program through:

BBB AUTO LINE a Division of BBB National Programs, Inc.
1676 International Drive, Suite 550
McLean, VA 22102
1-800-955-5100
www.bbb.org/autoline/

This service is provided at no cost to you and is part of Hyundai's effort to provide you with an impartial third-party organization to equitably resolve your concerns.

BBB AUTO LINE will perform arbitration services on disputes involving Hyundai vehicles with an alleged nonconformity, defect, or deficient warranty performance, as may be required by state or federal law.

To begin the Alternative Dispute Resolution (arbitration) process, simply call the BBB AUTO LINE at 1-800-955-5100 and you will be sent a Customer Claim Form, along with a handbook describing how BBB AUTO LINE works. Time, mileage and other limitations may apply.

If you wish to use the BBB AUTO LINE program and you qualify for participation, you will be required to provide the following information:

- Your name and address;
- The Vehicle Identification Number;
- True make, model, & year of your vehicle; and
- A description of the problem with your vehicle.

BBB AUTO LINE may also ask you for other information that may help to resolve your concerns, such as the purchase price of the vehicle, the mileage at the time of purchase, the current mileage and copies of repair orders.

Please refer to the Owner's Handbook Supplement for additional information regarding eligibility requirements in your state.

Hyundai USA ALL 27MY(Main)260716.indd 9 2026-07-16 1:19:10

IMPORTANT: You must use BBB AUTO LINE prior to seeking remedies through a court action pursuant to the Magnuson-Moss Warranty Act ("the Act"), except in Georgia, although that option is still available to you. However, if you choose to seek remedies that are not created by the Act, you are not required to use BBB AUTO LINE, although that option is still available to you. You must also use BBB AUTO LINE if you are seeking remedies under the "Lemon Laws" of your state if your state statute requires you to do so.

A decision should be rendered within 40 days of BBB AUTO LINE's receipt of your properly completed Customer Claim Form. BBB AUTO LINE will send you a copy of the arbitrator's decision and if you accept the decision, all parties must comply with the decision within the time limits (performance date) set by the arbitrator. Approximately two weeks after the "performance date", BBB AUTO LINE will contact the consumer to verify that the arbitrator's decision has been completed.

BBB AUTO LINE's decisions do not include attorney's fees, civil penalties, punitive damages, multiple damages or consequential damages other than incidental damages which you may be entitled to under law.

If you reject the decision of the arbitrator you may pursue other legal remedies under state or federal law; the company will not be obligated to perform any part of the decision. Depending on federal or state law, the decision may or may not be introduced as evidence by the consumer or the company in any civil court action relating to any matter that has been resolved in your arbitration hearing, and BBB AUTO LINE involvement in the case will end as well.

Important: Please refer to the first page of the Hyundai New Vehicle Limited Warranty section of this Owner's handbook for additional important information regarding alternative dispute resolution and other legal remedies available to you.

BINDING ARBITRATION FOR CALIFORNIA VEHICLES ONLY

PLEASE READ THIS SECTION IN ITS ENTIRETY AS IT AFFECTS YOUR RIGHTS
THIS SECTION DOES NOT PRECLUDE YOU FROM FIRST PURSUING ALTERNATIVE DISPUTE RESOLUTION THROUGH BBB AUTO LINE AS DESCRIBED IN THE "ALTERNATIVE DISPUTE RESOLUTION" PROVISION IN SECTION 3 OF THIS HANDBOOK.

If you purchased or leased your Hyundai vehicle in the State of California, you and we, Hyundai Motor America, each agree that any claim or disputes between us (including between you and any of our affiliated companies) related to or arising out of your vehicle purchase, advertising for the vehicle, use of your vehicle, the performance of the vehicle, any service relating to the vehicle, the vehicle warranty, representations in the warranty, or the duties contemplated under the warranty, including without limitation claims related to false or misleading advertising, unfair competition, breach of contract or warranty, the failure to conform a vehicle to warranty, failure to repurchase or replace your vehicle, or claims for a refund or partial refund of your vehicle's purchase price (excluding personal injury claims) shall be resolved by binding arbitration at either your or our election, even if the claim is initially filed in a court of law. If either you or we elect to resolve our dispute via arbitration (as opposed to in a court of law), such binding arbitration shall be administered by and through the American Arbitration Association (AAA) under its Consumer Arbitration Rules.

Hyundai USA ALL 27MY(Main)260716.indd 13 2026-07-16 1:19:10

We will pay all fees for any arbitration except for the initial filing fee of $200. The arbitration will be held in the city or county of your residence. To learn more about arbitration, including the applicable rules and how to commence arbitration, please contact:

AAA at www.adr.org; 800-778-7879.

This agreement to arbitrate is intended to be broadly interpreted and to make all disputes and claims between us (including our affiliated companies) relating to or arising out of your vehicle purchase, use or performance of your vehicle, or the vehicle warranty subject to arbitration to the maximum extent permitted by law. The arbitrator (and not a court) shall decide all issues of interpretation, scope, and application of this agreement.

In any arbitration, the arbitrator shall be bound by the terms of this agreement and shall follow the applicable law. The arbitrator shall not have the power to commit manifest errors of law, and any award rendered by the arbitrator that employs a manifest error of law may be vacated or corrected by a court of competent jurisdiction for such error. The arbitrator may only resolve disputes between you and us and may not consolidate claims without the consent of all parties. The arbitrator cannot hear class or representative claims or requests for relief on behalf of others , or issue any award or remedy in arbitration against or on behalf of anyone who is not a named party to the arbitration, as permitted by law. In other words, you and we may bring claims against the other only in your or our individual capacity, and not as a plaintiff or class member in any class or representative action to the maximum extent permitted by law. You and we acknowledge and agree that, to the fullest extent permitted by law, we are each waiving the right to participate as a plaintiff or class member in any purported class action lawsuit, class-wide arbitration, private attorney general action, or any other representative proceeding. If a court or arbitrator decides that any part of this agreement to arbitrate cannot be enforced as to a particular claim for relief or remedy, then that claim or remedy (and only that claim or remedy) must be brought in court and must be stayed pending arbitration of the arbitrable claims and remedies. If a court or arbitrator decides that any part of this agreement cannot be enforced as to a particular request for public injunctive relief, then that request for public injunctive relief (and only that request for public injunctive relief) must be brought in court and must be stayed pending arbitration of the arbitrable remedies. If arbitration is elected by either party, the parties collectively agree that they waive their right to a jury trial.

Notwithstanding the above, either you or we may file a lawsuit in small claims court for any claims that otherwise require binding arbitration, if the small claims court has jurisdiction. In addition, either you or we may invoke any AAA Consumer Arbitration Rules that allow you or we to have a small claims court decide any claims that otherwise require binding arbitration. This agreement evidences a transaction involving interstate commerce and shall be governed by the Federal Arbitration Act, 9 U.S.C. §§ 1-16. Judgment upon any award in arbitration may be entered in any court having jurisdiction.

IF YOU PURCHASED OR LEASED YOUR VEHICLE IN CALIFORNIA, YOUR WARRANTY IS MADE SUBJECT TO THE TERMS OF THIS BINDING ARBITRATION PROVISION. BY USING THE VEHICLE, OR REQUESTING OR ACCEPTING BENEFITS UNDER THIS WARRANTY, INCLUDING HAVING ANY REPAIRS PERFORMED UNDER WARRANTY, YOU AGREE TO BE BOUND BY THESE TERMS. IF YOU DO NOT AGREE WITH THESE TERMS, PLEASE CONTACT US AT OPT-OUT@HMAUSA.COM WITHIN THIRTY (30) DAYS OF YOUR PURCHASE OR LEASE TO OPT-OUT OF THIS ARBITRATION PROVISION.

Hyundai USA ALL 27MY(Main)260716.indd 14 2026-07-16 1:19:10

NOTICES REGARDING THESE WARRANTIES

The warranties described in this Owner's Handbook give you specific legal rights. You may have other rights that vary from state to state.

Under these warranties, if your vehicle is properly operated and maintained, and was taken to an authorized Hyundai Dealership for a warranted repair during the warranty period, then authorized Hyundai Dealerships will, without charge, repair, replace, or adjust all parts on your vehicle that malfunction or fail during normal use during the applicable coverage period due to a defect in factory materials or workmanship. This warranty does not mean that each Hyundai vehicle is defect-free. Defects may be unintentionally introduced into vehicles during the design and manufacturing processes, and such defects could result in the need for repairs. These warranties are provided only to remedy manufacturing defects that result in vehicle part malfunction or failure during the applicable warranty periods.

Nothing in this warranty should be construed as requiring defective parts to be replaced with parts of a different type or design than the original part, so long as the vehicle functions properly with the replacement part. Moreover, Hyundai and its authorized Hyundai Dealerships are entitled to a reasonable time and a reasonable number of attempts within which to diagnose and repair any defect covered by these warranties.

As a condition of these warranties, you are responsible for properly using, maintaining, and caring for your vehicle as outlined in the Hyundai Owner's Manual. The Owner's Manual indicates the scheduled maintenance required for your vehicle: proper maintenance guards against major repair expenses resulting from neglect or inadequate maintenance, may help increase the value you receive when you sell or trade your vehicle, and is important in allowing your vehicle to comply with applicable emissions standards.

It is your responsibility to make sure that all of the scheduled maintenance is performed and that the materials used meet Hyundai engineering specifications. Failure to perform scheduled maintenance as specified in the Hyundai Owner's Manual will invalidate warranty coverage on parts affected by the lack of maintenance. Make sure that receipts for completed maintenance work are retained with the vehicle. Your authorized Hyundai Dealership has factory-trained technicians who can perform the required maintenance using new Hyundai Genuine Parts or Hyundai authorized remanufactured parts.

FEDERAL EMISSION CONTROL WARRANTY STATEMENT

In accordance with the Federal Clean Air Act, as amended, Hyundai Motor America (HMA) warrants to the original and each subsequent owner of each new 2027 Hyundai vehicle that the vehicle: (1) was designed, built and equipped to conform at the time of sale to applicable federal regulations and (2) is free from defects in material and workmanship at the time of sale which would cause the vehicle to fail to conform with such regulations for a period of 5 years from the date of original retail delivery or date of first use or 60,000 miles, whichever occurs first, or up to first required scheduled maintenance, whichever occurs first. This coverage exceeds the warranty requirements under federal law. Any part of this vehicle covered under this warranty which proves to be defective will be repaired or replaced by an authorized Hyundai dealership using new or remanufactured Hyundai Genuine Parts. This warranty coverage applies to the vehicle regardless of a change in ownership and is transferable to subsequent owners. Failures, other than those resulting from defects in material or workmanship, which arise solely as a result of owner abuse and/or lack of proper maintenance, are not covered by the warranty.

INCIDENTAL OR CONSEQUENTIAL DAMAGES ASSOCIATED WITH A VEHICLE FAILURE, INCLUDING WITHOUT LIMITATION LOSS OF TIME; INCONVENIENCE; COST OF TRANSPORTATION; TELEPHONE CALLS AND LODGING; LOSS OF PERSONAL OR COMMERCIAL PROPERTY; LOSS OF PAY OR REVENUE; AND LOSS OF USE OF THE VEHICLE, ARE NOT COVERED UNDER THIS WARRANTY.

SECTION 10 EMISSION PERFORMANCE WARRANTY - FEDERAL VEHICLE

WARRANTY JURISDICTION

This warranty applies to vehicles manufactured to either Federal specifications or California specifications which are distributed by Hyundai Motor America and registered and normally operated in the 50 United States and Washington, D.C., the commonwealth of Puerto Rico, the Virgin Islands, Guam, and American Samoa, and includes the commonwealth of the Northern Mariana Islands.

WHAT IS COVERED

Some states and local jurisdictions have established periodic vehicle inspection and maintenance (I/M) programs to encourage proper maintenance of your vehicle. If an I/M program in your area has U.S. Environmental Protection Agency (EPA) approval, you may be eligible for HMA's performance warranty coverage under the following conditions:

1. The vehicle has been maintained and operated in accordance with the scheduled maintenance instructions described in the Hyundai Owner's Manual provided with your vehicle.
2. The vehicle fails to conform during the warranty period to the applicable emission standards as determined by an emissions test approved by the Environmental Protection Agency (EPA).
3. Such failure to conform results, or will result, in the owner of the vehicle having to bear a penalty or other sanctions, such as denial of the right to operate or use the vehicle or a fine under local, state or federal law.

If all of the above conditions are met, HMA warrants that any authorized Hyundai Dealership will replace, repair or adjust to Hyundai's specifications, at "NO CHARGE", any of the components listed on the following Federal Emission Warranty Parts chart, which may be necessary to cause your vehicle to conform to the applicable federal emission standards.

This warranty coverage applies to the vehicle regardless of a change in ownership and is transferable to subsequent owners.

Note:

Federal Emission Warranty

The Federal government requires minimum emission warranty coverage for the first 2 years or 24,000 miles of vehicle use, however, Hyundai provides greater warranty coverage of 5 years or 60,000 miles for all emission-related components. In addition and consistent with federal regulation, Hyundai provides warranty coverage for the first 8 years or 80,000 miles for major emission parts on the following components: the exhaust manifold assembly, the catalytic converters, the electronic engine control module, and the onboard emissions diagnostic device.

EMISSION WARRANTY PARTS LIST

Some items require scheduled replacement and are warranted up to the first replacement interval or up to the limits of the applicable emission warranty coverage period, whichever occurs first (Refer to the Scheduled Maintenance section in the Hyundai Owner's Manual). The following is a listing of Emission Parts covered under the emission warranties. For more details about the specific parts that are covered by the Federal Emission Defect Warranty, contact your dealership. If failure of one of the following components results in failure of any other vehicle part, both parts will be covered by the Federal Emission Performance Warranty.

- 8 YEARS/80,000 MILES FEDERAL EMISSION DESIGN AND DEFECT WARRANTY PARTS LIST

If the vehicle has been in use more than 60 months from the date of original delivery or date of first use, or 60,000 miles but less than 8 years from the date of original delivery or date of first use, or 80,000 miles, whichever occurs first, the following major emissions control components will be covered up to 8 years from the date of original delivery or date of first use, or 80,000 miles, whichever occurs first.

SECTION 10 EMISSION PERFORMANCE WARRANTY - FEDERAL VEHICLE

WHAT IS NOT COVERED BY THESE EMISSION WARRANTIES

THE FEDERAL EMISSION DEFECT WARRANTY AND THE FEDERAL EMISSION PERFORMANCE WARRANTY SHALL NOT APPLY TO:

- Normal maintenance service (such as filters).
- Malfunctions in any part directly caused by misuse, modification, improper adjustment, alteration, tampering, disconnection, improper or inadequate maintenance, or use of leaded gasoline or contaminated fuel.
- Damage resulting from an accident or an Act of God.
- Any vehicle on which the odometer reading has been altered so that mileage cannot be readily determined.
- Failures that are a direct result of a lack of performance of required emission control maintenance as outlined in the Hyundai Owner's Manual.
- Parts or accessories used in applications for which they were not designed or not approved by HMA.
- Parts not supplied by HMA or damage to other parts caused directly by using non-Hyundai parts, non-EPA certified replacement parts in the maintenance or repair of the vehicle which ultimately prove to be defective in material or workmanship, or not equivalent from an emission control standpoint to the original equipment part.
- The charge for diagnostic labor which does not lead to the determination that a warrantable condition exists.
- INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING WITHOUT LIMITATION, LOSS OF TIME, INCONVENIENCE, LOSS OF USE OF THE VEHICLE, OR COMMERCIAL LOSS ARE NOT COVERED UNDER THIS WARRANTY.

The duration of any implied warranties, including those of MERCHANTABILITY and FITNESS FOR A PARTICULAR PURPOSE regarding emission systems defects are limited to the duration of these emission system warranties. Some states do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so the limitations or exclusions set forth regarding these warranties may not apply to you.

OWNER'S RESPONSIBILITY AND OBLIGATION

It is the owner's obligation to properly maintain and use the vehicle in accordance with Hyundai's written instructions in the Hyundai Owner's Manual. Failures caused by inadequate or improper maintenance are not covered by the warranty. To help resolve questions as to whether the proper vehicle maintenance has been performed, must the owner retain all maintenance service records and receipts indicating that service has been performed on the vehicle.

Hyundai USA ALL 27MY(Main)260716.indd 34 2026-07-16 1:19:10

REPLACEMENT PARTS

It is recommended that any replacement parts used for maintenance or for the repair of emission control systems be new or remanufactured Hyundai Genuine Parts.

THE WARRANTY OBLIGATIONS ARE NOT DEPENDENT UPON THE USE OF ANY PARTICULAR BRAND OF REPLACEMENT PARTS. THE OWNER MAY ELECT TO USE NON-GENUINE HYUNDAI PARTS FOR REPLACEMENT PURPOSES. THE USE OF REPLACEMENT PARTS WHICH ARE NOT EQUIVALENT MAY IMPAIR THE EFFECTIVENESS OF THE EMISSION CONTROL SYSTEM.

If other than Hyundai Genuine Parts are used for maintenance replacements or for the repair of components affecting emission control, the owner should determine that such parts are warranted by their manufacturer to be equivalent to Hyundai Genuine Parts in performance and durability.

"New or Remanufactured Hyundai Genuine Parts" when used in connection with Hyundai vehicles, means parts manufactured by or approved by Hyundai, designed for use on Hyundai vehicles and distributed by HMA.

MAINTENANCE SERVICE

MAINTENANCE, REPLACEMENT OR REPAIR OF THE EMISSION CONTROL DEVICES AND SYSTEMS MAY BE PERFORMED BY ANY QUALIFIED AUTOMOTIVE REPAIR ESTABLISHMENT OR INDIVIDUAL USING ANY PART CERTIFIED PURSUANT TO APPLICABLE EMISSION REGULATIONS: HOWEVER, WARRANTY SERVICE MUST BE PERFORMED BY AN AUTHORIZED HMA DEALERSHIP.

Claims under the Federal Emission Performance Warranty may not be denied due to the failure of a properly installed certified non-Hyundai Genuine Part.

Claims may be denied on the basis of an uncertified replacement part used in the maintenance or repair of a vehicle if Hyundai presents evidence that the uncertified replacement part is either defective in materials or workmanship or not equivalent from an emission standpoint to the original equipment part and the vehicle owner is unable to rebut the evidence.

Hyundai USA ALL 27MY(Main)260716.indd 35 2026-07-16 1:19:10

SECTION 10 EMISSION PERFORMANCE WARRANTY - FEDERAL VEHICLE

Receipts covering the performance of maintenance service should be retained in the event questions arise concerning maintenance. These receipts should be transferred to each subsequent owner of this vehicle. HMA reserves the right to deny warranty coverage if the vehicle has not been properly maintained. However, denial will not be based solely on the absence of maintenance records.

These warranties apply only to vehicles manufactured to United States' specifications which are distributed by Hyundai Motor America and registered and normally operated in the 50 United States and Washington, D.C., the commonwealth of Puerto Rico, the Virgin Islands, Guam, and American Samoa, and includes the commonwealth of the Northern Mariana Islands. Vehicles manufactured to other than United States' specifications, distributed by other than HMA and registered and normally operated outside the 50 United States and Washington, D.C., the commonwealth of Puerto Rico, the Virgin Islands, Guam, and American Samoa, or the Commonwealth of the Northern Mariana Islands are entitled to service of the emission control systems on the basis of the warranty applicable to such other distribution country.

CLAIMS PROCEDURE

To obtain warranty service under these warranties, the owner should return the vehicle to an authorized Hyundai dealership place of business during its normal service business hours, where such service will be performed at no charge for parts, labor, diagnosis and tax.

If an owner’s warranty claim under the 2027 Federal Emission Performance Warranty is denied, HMA will provide the owner with a written explanation of why the claim was denied 1) within 30 days from the time you bring the car to a Hyundai dealership, or 2) within the time required by local, state, or federal law for the vehicle to be repaired without incurring further penalty, whichever is shorter.

Failure to provide an explanation within the 30-day period shall obligate HMA to remedy the nonconformity under the Federal Emission Performance Warranty except:

- When delay is requested by the vehicle owner.
- When delay is caused by factors beyond the control of HMA or authorized Hyundai Dealership.

SECTION 11 EMISSION CONTROL SYSTEM WARRANTY - CALIFORNIA VEHICLE

CALIFORNIA EMISSION CONTROL WARRANTY STATEMENT

YOUR WARRANTY RIGHTS AND OBLIGATIONS

The California Air Resources Board and Hyundai Motor America (HMA) are pleased to explain the California Emission Control System Warranty on your 2027 Hyundai vehicle certified for sale in California.

In California, new motor vehicles must be designed, built and equipped to meet the State's stringent anti-smog standards. HMA must warrant the emission control system on your Hyundai vehicle is designed, built, and equipped so as to conform with all applicable regulations adopted by the California Air Resources Board and is free from defects in materials and workmanship which cause the failure of a warranted part to be identical in all material respects to the part as described in the vehicle or engine manufacturer's application for certification, for the periods of time listed below, provided there has been no abuse, neglect or improper maintenance of your Hyundai vehicle.

Your emission control system includes parts such as the fuel injection system, ignition system, catalytic converter, and engine computer. Also included may be hoses, belts, connectors and other emission-related assemblies. Where a warrantable condition exists, HMA will repair your Hyundai vehicle at no cost to you, including diagnosis, parts and labor.

MANUFACTURER'S WARRANTY COVERAGE:

1. For 5 years or 60,000 miles (whichever occurs first):
   - If your Hyundai vehicle fails a Smog Check inspection, all necessary diagnosis, repairs and adjustments will be made by HMA to ensure that your vehicle passes the inspection. This is your California Emission Control System PERFORMANCE WARRANTY.
   - If any emission-related part on your vehicle is defective, the part will be repaired or replaced by HMA. This is your short-term California Emission Control System DEFECT WARRANTY.
2. LONG-TERM CALIFORNIA EMISSION CONTROL SYSTEM DEFECT WARRANTY. If an emission-related part listed in this Owner's Handbook on the Warranty Parts List specifically noted with coverage for "7 years or 70,000 miles" or "8 years or 80,000 miles" is defective, the part will be repaired or replaced by HMA. This is your long-term California Emission Control System DEFECT WARRANTY.
   - o Specific emission-related components are covered for 7 years or 70,000 miles, whichever occurs first, see Page 41, NOTE1.
   - o Specific emission-related components are covered for 8 years or 80,000 miles, whichever occurs first, see Page 41, NOTE2.

SECTION 11 EMISSION CONTROL SYSTEM WARRANTY - CALIFORNIA VEHICLE

OWNER'S WARRANTY RESPONSIBILITIES

As the Hyundai vehicle owner, you are responsible for the performance of the required maintenance listed in the Hyundai Owner's Manual. HMA recommends that you retain all receipts covering maintenance on your Hyundai vehicle, but HMA cannot deny emission warranty coverage solely for the lack of receipts or for your failure to ensure the performance of all scheduled maintenance.

You are responsible for presenting your Hyundai vehicle to a Hyundai dealership as soon as a problem exists. The warranty repairs will be performed at no charge to you, except where a warranted part is not available within a reasonable time (in no case more than 30 days) after the vehicle or engine is initially presented to the Hyundai dealership for repair. In case of such unavailability, repairs may be performed at any available service establishment, or by you, and Hyundai will reimburse you for your expenses, in an amount not to exceed Hyundai's suggested retail price for the warranted parts replaced and labor charges based on Hyundai's recommended time allowance for the warranty repair and the geographically appropriate hourly labor rate; you must retain and upon request provide any and all receipts and failed parts to Hyundai in order to receive reimbursement due to such unavailability.

As the Hyundai vehicle owner, you should also be aware that HMA may deny your warranty coverage if your Hyundai vehicle or a part has failed due to abuse, neglect, improper maintenance or unapproved modifications.

If you have any questions regarding your warranty rights and responsibilities, you should contact Hyundai Customer Care at 1-800-633-5151 or the California Air Resources Board at 4001 Iowa Avenue, Riverside, CA 92507.

SECTION 11 EMISSION CONTROL SYSTEM WARRANTY - CALIFORNIA VEHICLE

INCIDENTAL OR CONSEQUENTIAL DAMAGES ASSOCIATED WITH A VEHICLE FAILURE, INCLUDING WITHOUT LIMITATION LOSS OF TIME; INCONVENIENCE; COST OF TRANSPORTATION; TELEPHONE CALLS AND LODGING; LOSS OF PERSONAL OR COMMERCIAL PROPERTY; LOSS OF PAY OR REVENUE; AND LOSS OF USE OF THE VEHICLE, ARE NOT COVERED UNDER THIS WARRANTY.

Specific emission parts are covered up to 5 years or 60,000 miles, whichever occurs first, or up to the first required scheduled maintenance, whichever occurs first.

WARRANTY JURISDICTION

This warranty applies exclusively to 2027 vehicles certified to California standards which are distributed by Hyundai Motor America and must be registered in the states of California, Massachusetts, New York, Oregon, Vermont, or Washington.

Its coverage exists in addition to that of the Federal Emission Defect Warranty and the Federal Emission Performance Warranty.

SPECIAL NOTE : According to Federal Regulations, your vehicle may also be eligible for additional warranty coverage under the Federal Emission Warranty. California requires minimum emission warranty coverage of the first 3 years or 50,000 miles of vehicle use, with coverage for the first 7 years or 70,000 miles for certain "high cost" emission related parts, determined by a California government specified formula.

Hyundai provides greater warranty coverage of 5 years or 60,000 miles for all emission related components and 8 years or 80,000 miles coverage for catalytic converters, the electronic engine control module (includes the onboard emissions diagnostic device).

NOTE 1 : Parts designated by “7/70” are warranted for 7 years or 70,000 miles, whichever occurs first, for certain vehicle models. Please check with your Hyundai dealer, which will have access to the most comprehensive and up-to-date information regarding “7/70” parts for your vehicle. California requires minimum emission warranty coverage for the first 7 years or 70,000 miles, whichever comes first, for certain "high cost" emission-related parts, determined by a California government-specified formula. Vehicles covered by the California Emission Control System Warranty are also covered by the Federal Emission Warranty. Note that coverage differs between the California and Federal warranty requirements, and the California and Federal warranty programs run concurrently, not consecutively.

NOTE 2 : Parts designated by "8/80" are warranted for 8 years or 80,000 miles, whichever occurs first under the Federal Emission Warranty.

NOTE 3 : Specific emission-related parts covered up to 5 years or 60,000 miles, whichever occurs first, or up to the first required scheduled maintenance, whichever occurs first (See Hyundai Owner's Manual for required scheduled maintenance).

NOTE 4 : The above parts for Tucson Plug-in Hybrid vehicle, certified as a Transitional zero-emission vehicle (TZEV), are warranted for 15 years or 150,000 miles, whichever occurs first, under the California Emission Warranty (excluding the Plug-in Hybrid Battery). Please note: The Plug-in Hybrid Battery is warranted for 10 years or 150,000 miles, whichever occurs first, under the California Emission Warranty for specific 2025 model year Tucson Plug-in Hybrid vehicle, certified as a TZEV only, and not 15 years or 150,000 miles. The certified TZEV vehicle must be registered in one of the following states: California, Colorado, Connecticut, Maine, Maryland, Massachusetts, New Jersey, New York, Oregon, Rhode Island or Vermont.

SECTION 11 EMISSION CONTROL SYSTEM WARRANTY - CALIFORNIA VEHICLE

Some items are scheduled for replacement as part of the required maintenance for the vehicle.

Replacement of these items is warranted up to the first replacement interval or up to the limits of the applicable Emission Warranty coverage period, whichever occurs first (Refer to the Scheduled Maintenance chart in the Hyundai Owner's Manual). Any such part repaired or replaced under warranty shall be warranted for the remainder of the warranty period for that part.

If the failure of a warranted component causes damage to any other vehicle part, both parts will be covered by the Emission Warranties.

WARRANTY START DATE:

The above-mentioned warranty periods shall begin on the date the vehicle is delivered to the first retail purchaser or, if the vehicle is first placed in service as a demonstrator or company car prior to sale at retail, on the date the vehicle is first placed in such service.

WHAT IS NOT COVERED

THE CALIFORNIA EMISSION CONTROL SYSTEM DEFECTS WARRANTY AND THE CALIFORNIA EMISSION CONTROL SYSTEM PERFORMANCE WARRANTY SHALL NOT APPLY TO:

- Malfunctions in any part directly caused by abuse, misuse, modification, improper adjustment except those done by a dealership during warranty service work, alterations, tampering, disconnections, improper or inadequate maintenance, neglect or use of leaded gasoline or other fuels not recommended in the Hyundai Owner's Manual.
- Damage resulting from an accident or an Act of God.
- Any vehicle on which the odometer reading has been altered so that actual mileage cannot be readily determined.
- Failures that are a direct result of a lack of performance of required emission control maintenance as outlined in the Hyundai Owner's Manual.
- Parts or accessories used in applications for which they were not designed or not approved for use on the vehicle by HMA.
- Parts not supplied by HMA or damage to other parts caused directly by non-Hyundai parts or non-equivalent parts.
- The charge for diagnostic labor which does not lead to the determination that a warrantable condition exists.

Hyundai USA ALL 27MY(Main)260716.indd 42 2026-07-16 1:19:11

- INCIDENTAL OR CONSEQUENTIAL DAMAGES ASSOCIATED WITH A VEHICLE FAILURE, INCLUDING WITHOUT LIMITATION LOSS OF TIME; INCONVENIENCE; COST OF TRANSPORTATION; TELEPHONE CALLS AND LODGING; LOSS OF PERSONAL OR COMMERCIAL PROPERTY; LOSS OF PAY OR REVENUE; AND LOSS OF USE OF THE VEHICLE, ARE NOT COVERED UNDER THIS WARRANTY.

The duration of any implied warranties, including those of MERCHANTABILITY and FITNESS FOR A PARTICULAR PURPOSE, regarding emissions systems defects are limited to the duration of this limited warranty.

Some states do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damage, so the limitations or exclusions set forth regarding this limited warranty may not apply to you.

REPLACEMENT PARTS

It is recommended that any replacement parts used for maintenance, repair or replacement of the emission control system be parts supplied by HMA.

Maintenance, repair or replacement of the emission control system may be performed by any qualified automotive repair facility or individual, using parts other than Hyundai Genuine Parts without invalidating this warranty.

However, the cost of such maintenance and parts will not be covered under this warranty unless it is an "Emergency Repair" situation (Refer to "Emergency Repair" for definition of emergency repair situation).

Use of replacement parts which are not equivalent in quality to Hyundai Genuine Parts may impair the effectiveness of the emission control system. You should make sure such parts are warranted by their manufacturer to be equivalent in design and quality to Hyundai supplied parts. HMA assumes no liability under this warranty for any vehicle damage caused by a defect in any such parts.

OBTAINING WARRANTY SERVICE

To obtain warranty service, you must return your 2027 Hyundai vehicle to any authorized Hyundai dealership in California, Colorado, Massachusetts, New York, Oregon, Vermont, or Washington during its normal service business hours, where such service will be performed.

Hyundai USA ALL 27MY(Main)260716.indd 43 2026-07-16 1:19:11

SECTION 11 EMISSION CONTROL SYSTEM WARRANTY - CALIFORNIA VEHICLE

When failing a Smog Check test, an authorized Hyundai dealership may ask the owner to provide proof that the required maintenance was performed when the dealership has reason to believe that the required maintenance;

- Was not performed and
- If not performed, may be the cause for the particular vehicle exceeding applicable emission standards.

For a Smog check test failure, if your Warranty Claim under the 2027 California Emission Control Systems Limited Warranties is denied, HMA or its dealership will provide you with a written explanation of why the claim was denied within 30 days from the time you bring the car to a Hyundai dealership.

If the authorized Hyundai Dealership does not notify the vehicle owner within 30 days that a warrantable condition does not exist, then HMA will repair the vehicle free of charge, unless:

- The delay is requested by you, the Hyundai vehicle owner, or
- The delay is caused by factors beyond the control of HMA or an authorized Hyundai dealership.

The lack of availability of warranted parts within 30 days shall constitute an emergency situation (see EMERGENCY REPAIR).

EMERGENCY REPAIR

In an emergency, where an authorized Hyundai dealership is not reasonably available, warranty repairs may be made at any available service facility, or by the owner using any replacement part. A repair not being completed within 30 days also constitutes an emergency.

HMA will reimburse you for your expenses including diagnostic charges, for repairs covered by this warranty, for parts at HMA's suggested retail price, and for labor at a geographically appropriate labor rate per HMA's recommended time allowance. For reimbursement, present all replaced parts and a copy of your paid receipt to any authorized Hyundai dealership. HMA assumes no liability for the workmanship of the repair facility.

CALIFORNIA VEHICLE INSPECTION PROGRAM

If your 2027 Hyundai vehicle fails to pass a Smog Check test after a period of use of 5 years or 60,000 miles, but before a period of use of 8 years or 80,000 miles, whichever occurs first, you may choose to have your vehicle repaired at an authorized Hyundai dealership or another service facility.

In the event that the Hyundai dealership or determines that the smog check failure was caused by the failure or malfunction of a part listed in this Owner's Handbook specially noted with coverage for 8 years or 80,000 miles, then your Hyundai vehicle will be repaired under this limited warranty at no expense to you, unless the part failure or malfunction was caused by abuse, neglect, or improper maintenance.

However, if the authorized Hyundai dealership determines that the smog check failure was directly caused by abuse, neglect, or improper maintenance, then you will be responsible for all diagnostic and repair costs related to detecting and repairing your Hyundai vehicle so it will pass the Smog Check test. If you choose to have your Hyundai vehicle repaired at a service facility other than an authorized Hyundai dealership, HMA will not be liable for any diagnostic and repair expenses, except where such repair is necessary by reason of an emergency.

If your Hyundai vehicle is determined to fail the Smog Check test by such service facility, you may deliver your Hyundai vehicle to an authorized Hyundai dealership and have it repaired free of charge in accordance with this warranty.

OBTAINING WARRANTY SERVICE

In the event of a Claim, you must return your vehicle to an authorized Hyundai dealership for examination and approval by Hyundai prior to any repair or replacement.

Warranty service will be provided by authorized Hyundai dealership without charge for parts or labor.

NOTE 1 : Parts designated by “7/70” are warranted for 7 years or 70,000 miles, whichever occurs first, for certain vehicle models. Please check with your Hyundai dealer, which will have access to the most comprehensive and up-to-date information regarding “7/70” parts for your vehicle. California requires minimum emission warranty coverage for the first 7 years or 70,000 miles, whichever comes first, for certain "high cost" emission-related parts, determined by a California government-specified formula. Vehicles covered by the California Emission Control System Warranty are also covered by the Federal Emission Warranty. Note that coverage differs between the California and Federal warranty requirements, and the California and Federal warranty programs run concurrently, not consecutively.

NOTE 2 : High voltage battery designated by "10/100" is warranted for 8 years or 100,000 miles, whichever occurs first under Hyundai’s Hybrid, Plug-in Hybrid and EV warranty, see page 23

SECTION 12 PROPULSION-RELATED PART WARRANTY - CALIFORNIA VEHICLE

If the failure of a warranted component causes damage to any other vehicle part, both parts will be covered by the Propulsion-Related Part Warranty.

WARRANTY START DATE:

The above-mentioned warranty periods shall begin on the date the vehicle is delivered to the first retail purchaser or, if the vehicle is first placed in service as a demonstrator or company car prior to sale at retail, on the date the vehicle is first placed in such service.

WHAT IS NOT COVERED

THE CALIFORNIA PROPULSION-RELATED PART WARRANTY SHALL NOT APPLY TO:

- Malfunctions in any part directly caused by abuse, misuse, modification, improper adjustment except those done by a dealership during warranty service work, alterations, tampering, disconnections, improper or inadequate maintenance, neglect or use of leaded gasoline or other fuels not recommended in the Hyundai Owner's Manual.
- Damage resulting from an accident or an Act of God.
- Any vehicle on which the odometer reading has been altered so that actual mileage cannot be readily determined.
- Failures that are a direct result of a lack of performance of required emission control maintenance as outlined in the Hyundai Owner's Manual.
- Parts or accessories used in applications for which they were not designed or not approved for use on the vehicle by HMA.
- Parts not supplied by HMA or damage to other parts caused directly by non-Hyundai parts or non-equivalent parts.
- The charge for diagnostic labor which does not lead to the determination that a warrantable condition exists.
- INCIDENTAL OR CONSEQUENTIAL DAMAGES ASSOCIATED WITH A VEHICLE FAILURE, INCLUDING WITHOUT LIMITATION LOSS OF TIME; INCONVENIENCE; COST OF TRANSPORTATION; TELEPHONE CALLS AND LODGING; LOSS OF PERSONAL OR COMMERCIAL PROPERTY; LOSS OF PAY OR REVENUE; AND LOSS OF USE OF THE VEHICLE, ARE NOT COVERED UNDER THIS WARRANTY.

SECTION 12 PROPULSION-RELATED PART WARRANTY - CALIFORNIA VEHICLE

The duration of any implied warranties, including those of MERCHANTABILITY and FITNESS FOR A PARTICULAR PURPOSE, regarding emissions systems defects are limited to the duration of this limited warranty.

Some states do not allow limitations on how long an implied warranty lasts or the exclusion or limitation of incidental or consequential damage, so the limitations or exclusions set forth regarding this limited warranty may not apply to you.

REPLACEMENT PARTS

It is recommended that any replacement parts used for maintenance, repair or replacement of the zero-emissions system be parts supplied by HMA.

Maintenance, repair or replacement of the emission control system may be performed by any qualified automotive repair facility or individual, using parts other than Hyundai Genuine Parts without invalidating this warranty.

However, the cost of such maintenance and parts will not be covered under this warranty unless it is an "Emergency Repair" situation (Refer to "Emergency Repair" for definition of emergency repair situation).

Use of replacement parts which are not equivalent in quality to Hyundai Genuine Parts may impair the effectiveness of the emission control system. You should make sure such parts are warranted by their manufacturer to be equivalent in design and quality to Hyundai supplied parts. HMA assumes no liability under this warranty for any vehicle damage caused by a defect in any such parts.

OBTAINING WARRANTY SERVICE

To obtain warranty service, you must return your 2027 Hyundai vehicle to any authorized Hyundai dealership in California, Massachusetts, New York, Oregon, Vermont, or Washington during its normal service business hours, where such service will be performed.

EMERGENCY REPAIR

In an emergency, where an authorized Hyundai dealership is not reasonably available, warranty repairs may be made at any available service facility, or by the owner using any replacement part. A repair not being completed within 30 days also constitutes an emergency.

HMA will reimburse you for your expenses including diagnostic charges, for repairs covered by this warranty, for parts at HMA’s suggested retail price, and for labor at a geographically appropriate labor rate per HMA’s recommended time allowance. For reimbursement, present all replaced parts and a copy of your paid receipt to any authorized Hyundai dealership. HMA assumes no liability for the workmanship of the repair facility.

SECTION 13 REPLACEMENT PARTS AND ACCESSORIES LIMITED WARRANTY

WHAT IS COVERED

Warranty coverage is for repair or replacement of any Hyundai Genuine Replacement Part or Accessory supplied from Hyundai Motor America which is found to be defective in material or workmanship under normal use and maintenance, except any item specifically referred to in the section "What is Not Covered."

Repairs are to be performed using New Hyundai Genuine Parts or Hyundai authorized remanufactured parts.

Parts/Accessories that were sold and installed by an Authorized Hyundai Dealership will be repaired or replaced without charge for parts/accessories and labor. If the parts/accessories were not originally installed by an Authorized Hyundai Dealership, they will be repaired or replaced without charge for parts/accessories, but labor charges will not be covered.

INCIDENTAL OR CONSEQUENTIAL DAMAGES ASSOCIATED WITH A VEHICLE FAILURE, INCLUDING WITHOUT LIMITATION LOSS OF TIME; INCONVENIENCE; COST OF TRANSPORTATION; TELEPHONE CALLS AND LODGING; LOSS OF PERSONAL OR COMMERCIAL PROPERTY; LOSS OF PAY OR REVENUE; AND LOSS OF USE OF THE VEHICLE, ARE NOT COVERED UNDER THIS WARRANTY.

REPLACEMENT PART WARRANTY PERIOD

The Replacement Parts Limited Warranty period is limited to 1 year from the date of installation, or twelve thousand (12,000) miles of service, whichever occurs first, for Hyundai Genuine replacement parts supplied by HMA and purchased from and installed by an authorized Hyundai dealership. Parts replaced under the terms of the New Vehicle Limited Warranty, Powertrain Limited Warranty, Federal Emission Defect Warranty, Federal Emission Performance Warranty or California Emission Control Systems Warranty, are warranted for the remainder of the applicable warranty which the part was previously replaced under.

Certain Emission Control System items require scheduled replacement as part of the scheduled maintenance of the vehicle (i.e. spark plugs). Replacement of these items is warranted in normal service up to the first replacement interval only (Refer to the Hyundai Owner's Manual and its scheduled maintenance section). Genuine Hyundai Parts and Accessories supplied by HMA and purchased from an authorized Hyundai dealership, but not installed by an authorized Hyundai dealership, are covered for twelve (12) months from the date of purchase from the authorized Hyundai dealership.

ACCESSORY WARRANTY PERIOD

A Hyundai Genuine accessory installed by an authorized Hyundai dealership on a new vehicle at the time of, prior to, or after the vehicle's date of delivery to the original retail purchaser, or the date the vehicle is first put into service, is covered under the New Vehicle Limited Warranty and is limited to 1 years from the date of original retail delivery or date of first use, or unlimited miles, whichever occurs first.

A Hyundai Genuine accessory purchased over-the-counter is warranted for 1 year/unlimited mileage.

An air conditioning system installed by an authorized Hyundai dealership is covered for 1 year or twelve thousand (12,000) miles, whichever occurs first, or the remainder of the New Vehicle Limited Warranty, whichever is greater, from the date of installation. An AM/FM radio, air conditioning system, Bluetooth or navigational system purchased over the counter is warranted for 1 year/unlimited mileage. AM/FM radio, navigational system, and Bluetooth are covered for 1 year/unlimited mileage if purchased and installed after the vehicle has been retailed or placed into service.

OWNER'S RESPONSIBILITIES AND OBLIGATIONS

* Proper use, maintenance, and care of the vehicle (part) in accordance with the instructions contained in the Hyundai Owner's Manual.
* Retention of maintenance service records. It may be necessary for the customer to demonstrate and prove that the required maintenance has been performed, as specified in the Hyundai Owner's Manual.
* Retention of the customer's copy of the original repair order or original part counter sales receipts. The repair order or sales slip receipt will state the date of the parts sale. For parts originally installed by an authorized Hyundai dealership, the repair order must also state the mileage of the vehicle at the time of original replacement.
* Delivery of the part or accessory and supporting documentation indicating the date and, if applicable, mileage at time of purchase and installation during regular parts and/or service hours to any authorized Hyundai dealership to obtain warranty service.

* Parts or accessories used in applications for which they were not designed or not approved by HMA.
* Failures due to normal wear.
* Failures caused by non-Hyundai parts.
* Any vehicle on which the odometer reading has been altered so that mileage cannot be accurately determined.
* Any part previously replaced under the terms of the New Vehicle Limited Warranty, Powertrain Limited Warranty, Federal Emission Defect Warranty, Federal Emission Performance Warranty or California Emission Control Systems Warranty.

* The duration of any implied warranties, including those of MERCHANTABILTY and FITNESS FOR A PARTICULAR PURPOSE, are limited to the duration of this limited warranty.
